EXPERIENCE

JULY 2018 – AUGUST 2018

PROGRAM ASSISTANT, JOHNS HOPKINS CTY

I was a PA for the Introduction to Robotics Class at the Alexandria CTY site, co-teaching the class, helping manage the studentss and running activities.

JULY 2017 – AUGUST 2017

TEACHER'S ASSISTANT, FAIRFAX COUNTY PUBLIC SCHOOLS (TJHSST)

I helped run my high school's Foundations of Computer Science summer class (in Java), running lectures, creating demos, grading tests, and mentoring students (10th and 11th graders).

AUGUST 2015 – SEPTEMBER 2017

CHIEF PROGRAM OFFICER, PROJECT CODET

I was in charge of the creation and application of the various computer science curricula Project Codet, a non-profit organization, provides to elementary and middle schools and utilizes in its own workshops and events.

PALANTIR SOCIAL IMPACT PRIZE, HACKTJ 2017

My team won for our project Lighthouse, an app to connect people in crises (like those of terrorist attacks and natural disasters) in need of a place to stay with those who are willing to host.
